COMMENTS:

PAUL - ANY COMMENTS OR SUGGESTIONS ARE WELCOME.

IN LOOKING OVER MY SCHEDULE AND THE EXTENSIVE FILING

REQUIREMENTS I HAVE ON OCTOBER 15 I WONDER IF IT

WOULD BE POSSIBLE FOR US TO MEET AT SEER RIDGE ON MONDAY

OCTOBER 18. IT ACTUALLY TAKES US THREE DAYS FOR THIS TRIP

BECAUSE OF PLANE SCHEDULES, ETC SO THIS WOULD BE HELPFUL TO ME

THANKS FOR YOUR HELP - MICKEY

DIV OF OIL GAS & MINING

RE: Seep Ridge Project
M/047/002
Uintah County, Utah

Dear Mr. Haddock:

A site inspection of our Seep Ridge Project in Uintah County was conducted on July 8, 2004. Participating in the inspection were Paul Baker, Senior Reclamation Biologist from the Division of Oil, Gas and Mining, John Blake from the School and Institutional Trust Lands Administration and myself and Mr. Tom Concannon from Geokinetics Inc. as well as our contractor who has been conducting reclamation work.

During the inspection we agreed upon certain specific additional procedures to be conducted by our contractor which would satisfy the final requirements related to the project and complete our reclamation process. Those operations have now been completed and we understand that agreement has been reached on the issues related to the water rights and the operation of the water well for the benefit of the grazing permittee, Alameda Corporation.

We respectfully request that Geokinetics Inc. be released from its obligations under the permit, that the permit be closed out, and that the reclamation surety deposit at Frost National Bank in the amount of \$13,500.00 be released.

Thank you for your assistance.

Sincerely,

Michael A. Schott
